Pickens County Family & Friends,

There are no words big enough to express how grateful we are for everything you have done for our family. When our son Timber was diagnosed with Leukemia, our world was turned upside down. In the middle of fear and uncertainty, you all stepped in with love, prayers, generosity, and overwhelming support.

The fish fry benefit meant more to us than we can properly say. The time, effort, and care that went into organizing it, the incredible amount of money raised has left us humbled and emotional, but even more than the financial help, it was the reminder that we are not walking this road alone.

The bible says, "Carry each others burdens ,and in a way you fulfill the law of Christ." That is exactly what you have done for our family. Your kindness, compassion, and willingness to stand beside us during this season have meant everything to us.

This community has shown us what true compassion looks like. Every kind word, every prayer, every plate of food, every dollar given, and every hug has lifted our spirits during some heavy days. You have surrounded Timber and our entire family with love in a way we will never forget.

Please know that your generosity has made a real difference in our lives, and it has given us strength when we needed it most. We are deeply thankful for each and every one of you for the way you came together for our family.

With Love and Gratitude,
Chris & Emily Bowles, family
